

## NEW YORK HARBOR AGAIN TIED UP BY STRIKE

### 16,000 Workers Quit This Morning and 54,000 Threaten—Staten Island Isolated and Tubes Congested—Mayor Hylan Absent.

By Telegram to The Freeman.

New York, March 4.—The port of New York was completely tied up today by a strike of the harbor workers for the second time this year.

Sixteen thousand harbor workers quit work at six o'clock this morning on 54,000 longshoremen and freight handlers are threatening to strike in sympathy if any attempt is made to run boats with "outside" crews.

It is estimated that if the walkout spreads, 100,000 persons in trades related to the industries of the port may be thrown out of work.

The 16,000 who quit this morning belong to seven union organizations that are demanding an eight-hour working day.

The Hudson tube, leading into this city from New Jersey, was congested with thousands of men and women who tried to fight their way into trains. Strong police guards were rushed to all of the stations to handle the immense throng.

Thousands of commuters were marooned on Staten Island and were unable to get into the city to their work.

The only harbor craft that were not affected by the strike were government troop and hospital ships and the boats plying between the city and municipal institutions on Randall's, Hart's and Blackwell's Islands.

In the absence of Mayor Hylan the city's policy in the strike is in the hands of acting Mayor Moran. He said that no attempt would be made to run boats with policemen as was done in the January strike.

Up to 8:30 there had been no reports of strike disorders, but police reserves were being held in readiness in all stations close to the harbor front.

Paul Bonynge, counsel for the boat owners, described the strike as a product of "Bolshevism." He expressed the hope that "it will be met here in the same way it was met by Mayor Hanson in Seattle."

Thomas L. Deidunty, president of the Marine Workers' Affiliation, said that James L. Hughes, assistant commissioner of immigration at Philadelphia, and a member of the federal department of labor were expected here some time during the day to attempt to bring about a settlement.

The vote to strike came after a deadlock had been reached in the negotiations between the boat owners and the workers.

### SPECIAL TRAIN

To Bring N. Y. Theatrical People to Keeney Theatre Opening.

With the painters' scaffolds taken down, the fire exits examined, and the ushers drilled to the letter, Frank A. Keeney's Wall Street Theatre is now prime for its opening on Friday night.

Mr. Keeney will not divulge the opening program, but from his smiling attitude, it may be gleaned that he has a surprise program in store. According to Ray C. Owens, his general manager, who was on a visit here yesterday, the array of photographs will not only compare but eclipse any contemporary program in the New York theatres of the motion picture. The program will be as varied as it will be entertaining. In view of one particular feature, there will be a solid phalanx of star attractions, and the show will run a good two hours and a half.

To stimulate the occasion of the opening, a number of theatrical notables and actors, coming from New York by special train, according to a representative of the Keeney enterprises in New York.

A feature not to be overlooked is the fact that the entire receipts of the first night's performance will be turned over to the Ulster County Chapter of the Red Cross. According to indications, the new theatre, as large as it is, will hardly be big enough to house the first-nighters who have evinced the desire to attend.

**Escaped From Reformatory.**  
Monday evening the police department received word that two men had escaped from the New York Reformatory at New Hampton. One was white and the other black. At Middletown they stole an auto. Both men were armed and engaged in a duel with the police in passing through Middletown. The white man drove while the negro kept them at bay who would keep the car. The last heard of them they passed through Liberty and were headed for Kingston. They did not square here, however.

**Factory Is Moving.**  
The shirt waist factory on West Third street, near Broadway, is moving today to the Kennedy Block on lower Broadway. In the rooms formerly occupied by the Boston factory.

## THE KINGSTON TRUST COMPANY

To Be Name of New Banking House  
If Kingston National Bank Shareholders Vote Favorably at Special Meeting on April 1.

In pursuance to a resolution of the board of directors, a special meeting of the shareholders of the Kingston National Bank will be held at the banking house, Fair and Main streets, this city, on Tuesday, April 1, at 10 o'clock a. m., for the purpose of voting upon the proposition of placing the Kingston National Bank in voluntary liquidation under the provisions of Sections 5220 and 5221, United States Revised Statutes, and its conversion into a state bank of the state of New York, to be known as "The Kingston Trust Company," and for the purpose of appointing liquidating agents to liquidate the affairs of the bank with full power and authority to do all things necessary therein, and also to vote on other matters that may properly come before the meeting.

It will be remembered that at the annual meeting of the stockholders held in January several new directors were elected for the Kingston National Bank and William J. Turck elected president. There have been stories current since then that the directors were to take steps to form a trust company and that a banking house would be opened on Broadway near the West Shore crossing section.

## MUSEUM SUGGESTION FROM AN EXPERT

Letter From State Historian Says We Have Wealth of Material But Senate House Is Inappropriate Repository.

March 2, 1919.  
To the Editor of the Kingston Daily Freeman:

In visiting your city on Tuesday last I was impressed with the great need which there is for a museum. There is scarcely another city in the state which has such an interesting history as yours, and there is none which has so much material for a museum of historic interest, may be gathered.

At the present time we are hearing much of the erection of memorials to our soldiers in the great war. What could be more appropriate than the erection of a memorial museum in Kingston? On its walls externally or internally could be inscribed in bronze the names of those soldiers who went forth to serve their country, and the building itself could be used to house your most interesting historical collections and give them a place where they would be safe from fire.

Why would it not be a good thing for you to start a movement for such a memorial museum? It should not be erected from public funds, or at least not wholly, but rather from subscriptions by all the people of your city.

JAMES SULLIVAN,  
State Historian.

### ATTO PARKING SPACE

Being Provided by City at Kingston Point Park.

For some time the large auto truck of the board of public works has been hauling loads of ashes from different parts of the city to Kingston Point Park which is being dumped in the park back of the small ice house located at the right of the road entrance. A large section of the swamp to the brook is being filled in for a parking place for automobiles and a big shed is to be erected under which autos can be run. When completed this auto parking place will be a great accommodation to auto owners who will want to bring their families to Kingston Point Park for a day's outing.

### Woman Burns to Death.

It was a terrible shock to Eugene Corcoran, an Erie railroad conductor, when he went to spend Sunday with his aged mother, Mrs. Mary Corcoran, and found her lying dead in her home in Meadowbrook Saturday afternoon. She had fallen down stairs with a lighted lamp. Her clothing became ignited and she burned to death. Mrs. Corcoran had been dead since Thursday. She resided alone.

### Dance at Griffin's Hall.

The postponed benefit dance of the Connecticut Abolition Society will be given in Griffin's Hall tomorrow evening. This dance was postponed from last Monday evening because of the postponement of the dance in the Army and will attract a large number of people to the entertainment.

## PRESIDENT WILL NOT CALL EXTRA SESSION

### Puts Blame for Future Trouble Resulting From Failure of Important Measures As Congress Ends Upon Obstructionists.

By Telegram to The Freeman.

Washington, March 4.—President Wilson, in a formal statement issued from the White House this afternoon, reiterated his refusal to call an extra session of the next congress, puts the blame directly upon those "willful" legislators who obstructed important measures in the closing hours of the 65th congress, and bespoke the confidence of the American people in the course he has taken.

"I confidently hope the people of the country will think I am making the right choice," he said.

The president said that he took it for granted that those who were responsible for the conditions that would exist because of the failure of passage of certain legislation, would be "willing to assume the responsibility of the impaired efficiency of the government and the embarrassing finances of the country" during his absence.

Following is the statement, which was not given out until the present congress had formally adjourned:

"A group of men in the senate has deliberately chosen to embarrass the administration of the government, to imperil the financial interests of the railway systems of the country, and to make arbitrary use of powers intended to be employed in the interests of the people. It is plainly my present duty to attend the peace conference in Paris. It is also my duty to be in close contact with the public business during a session of the congress. I must take my choice between these two duties, and I confidently hope that the people of the country will think that I am making the right choice. It is not in the interest of the right conduct of public affairs that I should call the congress in a special session while it is impossible for me to be in Washington, because of more pressing duty elsewhere, to co-operate with the houses."

"I take it for granted that the men who obstructed and prevented the passage of necessary legislation have taken all of this into consideration and are willing to assume the responsibility for the impaired efficiency of the government and the embarrassing finances of the country during the time of my enforced absence."

## NO 50-50 ABOUT IT

There will be no dividing up of the receipts for Friday night's performance at Keeney's Theater. Every cent goes to the Red Cross. Its 100 to 0, and Mr. Keeney very generously at the little end.

## THEATER VETO IS UP TONIGHT

At the February meeting of the common council the city fathers adopted a resolution offered by Alderman Ralph Mann increasing the theater license fees according to seating capacity. In fact at that session it looked as though every alderman present had a theater ordinance to offer.

The Mann resolution has since been vetoed by Mayor Canfield and action on the veto will come up this evening. When it is expected that the alderman will stage another free drama, the theme of which is theater ordinances. The general public is invited to be present. Curtain rises promptly at 8 o'clock, that is if there is a quorum present.

There may be some other business transacted, but it will only be a side issue.

### House Passes Irish Resolution.

Washington, March 4.—At 7 o'clock this morning the house, by a vote of 216 to 53, passed the Irish resolution, calling upon the peace conference to favorably consider the claims of Ireland to the right of self determination.

### Dress Suits and Drip Pans.

The executive committee of the Kingston Automobile Show will hold an important meeting at the Stuyvesant at 4:30 Wednesday afternoon. Drip pans, dress suits and questions arising therefrom will be discussed.

### Clay Lodge Minstrel Tonight.

C. S. Clay Lodge will give their annual minstrel show, and dance in Pythian Hall tonight at 8:15 sharp. "Cur" Shurtner's orchestra will furnish the music for the dancing that will follow the show.

## IN THE SERVICE OF OUR COUNTRY

Raymond Van Buren of the U. S. S. Bridgeport, is convalescing at Naval Base Hospital, No. 5, at Erect, France, after an operation for appendicitis.

A telegram has been received in this city from Sgt. Albert Reese of 29 Flatbush avenue, announcing his safe arrival from overseas. Sgt. Reese expects to be in Kingston soon.

Private John L. Costello telegraphed his parents on Shufeldt street that he arrived back from France on Saturday, March 1, on one of the transport ships, and is now at the Greenport Hospital, Ward 3, Floor 3, New York city, but expects to be transferred to another of the base hospitals in a few days as having drawn the first number in the original draft and left Kingston with the first draft contingent early in the war.

Harrison Forde, who arrived in the United States last Thursday aboard the U. S. S. President Grant as a casualty, arrived at the home of his parents, Mr. and Mrs. William Forde, on Lucas avenue in this city last night. Forde has been confined in a hospital in France for some time and is now stationed in an army base hospital in New York city. He volunteered for the military service in December of 1917 and was in training at a southern camp with the 23rd Engineers and went overseas in the spring of 1918. He expects to receive his honorable discharge soon.

### City Bond Sale March 14.

City Treasurer Addison D. Farde will sell at public auction at the city hall at 10 o'clock in the morning March 14, \$14,000 worth of school bonds. These bonds are issued for the purpose of paying the school bonded indebtedness, erecting and equipping new high school.

## WAR CONGRESS ENDED FILIBUSTER SUCCEEDS

### Sherman, La Follette and France Defeat Five Important Measures Including Deficiency Bill With Appropriation For Railroads--Demobilization Amendment Fails Owing To Lack of Time.

By Telegram to The Freeman.

Washington, March 4.—The sixty-fifth congress, the "war congress," adjourned sine die at 12 o'clock noon today.

In the senate members were going on record in favor of demobilizing all American troops in cantonments in the United States within thirty days when the vice-president's gavel fell.

The final vote of the senate was not direct upon the question of demobilization but as a test vote it indicated that the senate, had a few hours remained to the session, would have directed demobilization of all troops in the United States within thirty days.

The vote on the demobilization question came most unexpectedly at the end of a twelve-hour filibuster, to prevent the passage of the general deficiency bill, with its appropriation of \$750,000,000 to defray expenses of federal control of railroads.

The filibusters—Senators Sherman, La Follette and France—were successful in their efforts. Not only did they defeat the general deficiency bill, but in addition they defeated four other important appropriation measures—the army bill, the navy bill, the agricultural appropriation bill and the sundry civil bill.

## METHODISTS OPEN CENTENARY DRIVE

Bruce Baxter Spoke at Y. M. C. A. to Pastors and Laymen of Five Churches—Prospects Seem Good to Raise Quota Here.

Another proof of the fact that not alone the men at the front are honestly interested in vital religious matters, but that the men at home are also deeply interested was given at the dinner to the clergy and laymen of the five Methodist Churches of Kingston, Port Ewen and South Rondout, whose pastors are the Rev. Dr. Barnabwanah of the St. James M. E. Church; the Rev. George M. Cranston of the Clinton Avenue M. E. Church; the Rev. P. C. Weyant of the Trinity M. E. Church, all of Kingston; Rev. E. A. Bookhout of Port Ewen; Rev. George B. Mead of South Rondout. In addition to the speakers, there were some hundred laymen present. The dinner was given in the interest of the Methodist Centenary Campaign for the Mission of the Methodist Church, which is to raise a sum of \$85,000,000 for the mission work of that church both home and abroad.

The gathering was presided over by the Rev. Mr. Cranston and was opened with the singing of "Blest Be the Tie Binds," followed by a short prayer offered by Rev. Richard E. Bell, district superintendent. The singing of the Doxology followed, that and all of the other singing of the evening being led by W. N. Searles, district manager of the campaign for the Kingston district. Throughout the evening, the singing by the men, which was interspersed through the whole program was most inspiring.

The banquet was prepared and served by the ladies of the Clinton avenue church, and was pronounced by all present to be indeed delicious. In his own inimitable manner, Sam- uel Watts, president of the common council, thanked the ladies for their notable service, and made the necessary announcements for the evening. After the singing of "The Battle Hymn of the Republic," Mayor Canfield made a brief and stirring address.

The speaker for the evening was Bruce Baxter, field secretary of the New York Area, who delivered a forceful and convincing address, showing the great unprecedented opportunity which now faces the Christian Churches, to help in the Christianizing of the world, because of the recent war activities. He made it very plain as man to man that more men and more money was needed to carry forward this work, which if it means anything, means that the benefits of Christianity should be carried to all peoples who have not yet been so blessed.

After the able address by Mr. Baxter, Dr. Bell, district superintendent, spoke to the men, adding emphasis and endorsement to what had already been said.

The campaign closes this month, and if an equal amount of enthusiasm is being shown in other communities, that which was at last, evening's gathering, it will unquestionably "go over the top."

The meeting was brought to a close with a short prayer, offered by the Rev. Mr. Weyant.

### D. A. R. Meeting.

The March meeting of Willetts Chapter, D. A. R., will be held on Thursday afternoon at three o'clock at the Chapter House, presided by the local board meeting at two o'clock. An especially attractive and interesting program has been arranged by Mrs. Elbert F. Mac Fadden and Mrs. Charles S. Wood. The business for the afternoon will be the presentation of the new officers, Mrs. Ellen Van Sike and Mrs. Katherine O. Van Keuren. A large attendance is expected at this meeting.

### Sherman Spoke Until 11:30.

Both houses were engaged on "soldier bills" when the time for adjournment came. In the house the last bill brought up was a senate measure to amend the war risk insurance act, to permit soldiers to convert their war time insurance policies into various forms of commercial insurance. The bill died with the session.

Senator Sherman, who had spoken in the senate since daybreak, yielded the floor at 11:30 o'clock to permit the passage of a bill increasing the clerical force of the lower house.

Senator Gore seized his last chance of the session and offered as an amendment his bill directing the demobilization of all soldiers in the United States within thirty days.

Senator James Hamilton Lewis, raising administration whip, also tried unsuccessfully to attach to the measure his resolution endorsing the course of President Wilson in the negotiations for the creation of a League of Nations.

### Lewis Amendment Goes Out.

Lewis's amendment was ruled out on a point of order after it had been read. Senator Pittman, of Nevada, then moved to lay Gore's demobilization amendment on the table. Amid the greatest excitement, while the hands of the clock traveled swiftly toward adjournment, the roll call was taken. The senate refused to lay the amendment on the table by a vote of 48 to 38.

Senator Trammell, of Florida, would amend by inserting sixty instead of thirty days. Then came the last roll call of this historic session. It was taken on a motion by Senator Smoot, Republican, to lay the Trammell amendment on the table. The roll call had just been completed and the vote—44 to 40 for tabling it—announced, when the vice president's gavel fell, announcing the end of the session and one of the most momentous congresses since the nation was born passed into history.

### Tribute to Retiring Speaker

The adjournment in the house was not without a note of pathos. Speaker Champ Clark, for eight years in charge of the house gavel, climbed down from his seat for the last time, to make way for Representative Frederick H. Gillett of Massachusetts, selected by the Republicans for speaker of the next house.

"Uncle Joe" Cannon took the gavel while a resolution of tribute to the retiring speaker was adopted by the house. To the praise of his colleagues Clark replied:

"I take great pride in this congress. No matter what critics say, it has done more than any two congresses put together. In this congress with such burdens, the Republicans acted as patriotically fair as any Democratic. God bless every one of you."

The president, who came up to his room, on the senate side, to sign last minute bills, including the \$1,000,000,000 wheat guarantee bill, before leaving the Capitol had acted before the newspaper men and many congressmen. The crowds that had jammed the galleries during the session, rushed to the first floor when the adjournment came and were in time to give the president a waving send-off.

### 1,000 Appointments Fail.

Recent appointments of A. Mitchell Palmer as attorney general, John Skelton Williams as comptroller of the currency, and all others whose nominations remained unconfirmed, because of the adjournment of congress will be made by President Wilson from Hoboken tonight. It was stated at the White House.

Including fourth class postmasters, and other appointments more than 1,000 failed of confirmation during the closing day.

### Maquette at Locomotive.

About 200 people attended a maquette party at the home of Mr. and Mrs. Henry Miller of Locomotive Friday evening February 28. The maquette was a grotesque, comic and beautiful. The orchestra furnished music for dancing, after which refreshments were served. Every present had an enjoyable time.

## Rip Van Winkle

gave up Broadway today in an 1899 model car.

He saw St. Mary's School, the High School, the Library, the new hospital, the Post Office, the Y. M. C. A., Academy Park, and it all made him smile indulgently and remark, "Oh well, in twenty years, of course."

But when he saw Keeney's new theater with its porte cochere sticking out over the sidewalk in real New York style, he gave a shout of joy and cried "At last! At last!"

Come Friday night and see it. You will feel like Rip.

## HERE AND THERE ABOUT THE TOWN

The Stroller Hears Discussion as to  
Whether Coal Prices Will Drop as  
Usual—Where Are The Crows?

"Well I see where we have only forty-six weeks in this year," remarked the busy barber as the customer entered the barber shop for a chat.

"How is that?" asked the customer.

"Well six of them are Lent," explained the barber with a grin, "and that leaves but forty-six."

"You are certainly some humorist," retorted the customer grimly.

"But I am afraid that some day you are going to spring your stale jokes on the wrong one, and then you'll land in the hospital."

"This has certainly been an easy winter on coal," said the barber, following a pause.

"It sure has," agreed the customer, "and with the first of April only twenty-seven days away, I am wondering if there will be the usual drop in coal prices."

"That is a hard question to answer," said the barber, "for I asked one of the coal dealers the same thing a few minutes ago, and he said he did not have the least idea as to what would happen."

"There always was a drop of fifty cents a ton the first of April though," replied the customer.

"And it seems to me that there ought to be one this April," said the barber, "for they have been digging coal right along out of the mines, and have a big supply on hand. This has been one winter where the law of supply and demand did not work for the benefit of the coal dealer, for there has been more coal mined than there was a demand, owing to the mild winter."

"You said something," commented the customer, "but there is one thing I wish you would explain and that is where are all the crows gone to? We always had a lot hanging around all winter, and this winter you seldom saw a crow."

"That is the least of my worries," retorted the barber with a smile.

THE STROLLER.

LEIBHARDT.

Leibhardt, March 3.—Mrs. Jane Miller and daughter, Miss Minerva, of Mettacahtons, were in town on Thursday afternoon and called at the home of Mrs. J. O. Solberg.

Miss Jennie DeWitt and brother, Norman, spent the week end with relatives at Whitfield.

Mrs. Andrew Gullickson pleasantly entertained Mrs. Agnes Brown, Mrs. William J. Brown and Mrs. Florence Solberg, at her home last Monday, February 24th.

A number from this place are planning on attending the play, entitled, "The Old District School," at Mettacahtons in the near future.

Gerale Quick, Rex Brown and Harrison Brown are engaged in making maple syrup and sugar these days.

D. J. Brown will have a couple of new 1919 Buick cars at the automobile show at Kingston on March 13, 14 and 15.

Abe Hendrickson has had the misfortune to lose his fast trotter, Maude S., the past week.

A birthday party was held at the home of Mr. and Mrs. Elijah Quick Saturday evening, March 1st in honor of the birthday of their daughter, Miss Doris.

Mrs. Ida Towne and Elijah Quick have returned from a visit with friends at Krumville.

Peter Lattermer has been the lucky trapper in this vicinity this season, having caught a number of furs.

Mr. and Mrs. L. E. Lawrence were in Kingston on Monday last.

Mrs. James Quick spent last Monday visiting at the home of her son, Norman Quick.

Alton Hornbeck of Whitfield was a week end guest at the home of his cousins, D. Meade and Miss Merriam Brown of Ellenville.

William Markle has not been able to work for a few days owing to a lame back.

Elijah Krom is the owner of a turkey hen that has laid 52 eggs this winter.

Louis Hendrickson has recently purchased a road horse of William Hornbeck. Mr. Hendrickson will not return to Briar Cliff this spring as he has a position as night watchman at Brown's steam mill.

Word has been received that Lorin Barler has returned from France. Friends in this place will be pleased to see Lorin.

Mrs. Elias Miller of Krumville called at the home of Mrs. Alex Brown and at Mrs. L. E. Lawrence's Friday afternoon.

Mrs. Simon Miller of Mettacahtons took dinner with her sister, Mrs. Henry Krom, last Thursday. In the afternoon the ladies called on several of the neighbors in this place.

Mrs. L. E. Lawrence, Mrs. Florence Solberg, Mrs. Wm. J. Brown and Mrs. Alex Brown attended the play entitled "Polly," that was given by the senior class of the high school at Ellenville Friday evening.

The ladies reported having a very fine time and enjoyed an auto ride with Ernest Markle as chauffeur.

Arlington D. Brown spent a couple of days in Kingston the past week.

Miss Gladys Carter, who has been ill, is slowly improving, and her many friends are all hoping she will soon be able to go out soon.

Elijah Quick has employment at J. H. Baker's at Mettacahtons.

A musical was held at the home of Mr. and Mrs. Abe Hendrickson Monday evening, February 24th. John Quick played a number of hymns and selections on the organ and singing was enjoyed by all those who were present.

School is progressing fine with Miss Houlding as teacher and the pupils are learning fast.

Weather conditions at present indicate anything else but an ice crop in March this year and we fear the weather prophet will have to look for the another line of business. Of course, Miss Hazel Baker of New York, according to the old adage, March will go out like a lion, as it came in.

In spite of unfavorable conditions for drawing, the mill of M. Green & Company has been well supplied with logs and prospects of more coming.

A surprise party was held at the home of Mr. and Mrs. Frank Green on Thursday evening of last week in honor of Mrs. Green's birthday.

A large number of guests were present who did full justice to a bountiful supper, served during the evening.

Dancing and games were enjoyed until the early morning hours.

Weather conditions at present indicate anything else but an ice crop in March this year and we fear the weather prophet will have to look for the another line of business. Of course, Miss Hazel Baker of New York, according to the old adage, March will go out like a lion, as it came in.

Merriam Brown and D. Meade Brown of Ellenville, DeWitt Hornbeck of Schenectady, Alton Hornbeck of Whitfield, Edison Baker of Mettacahtons, Arlington D. Brown, Fred Brown, Miss Carol Brown and Mrs. L. E. Lawrence of this place.

A very pleasant evening was enjoyed with games, music and dancing and victrola and piano selections. About 12 o'clock fine refreshments of cake, coffee, and fruit were served by Grandmother Brown, as she is called by nearly all the young people who know her and although she is about 76 years of age she is always ready with a kind word and cheery smile to entertain both young and old.

The funeral of Frank Markle, who died on February 19, was held at the home of his parents, Mr. and Mrs. Rolla Markle on Friday afternoon, February 21, and attended by relatives and friends. Rev. Mr. Meade of Accord conducted the service. The bearers were Fred Brown, Arlington Brown, Orrin DeWitt and Edwin DeWitt. Interment with automobile cortege at the family cemetery at Rochester Center. The bereaved ones have the sympathy of many friends at this time of sorrow.

**NOMBACCS HEIGHTS.**  
Mombaccus Heights, March 3.—Mr. and Mrs. William DeFuy in their usual delightful manner entertained several friends on Saturday evening, February 22, in honor of Washington's Birthday. Refreshments of delicious ice cream and cake were served and a very pleasant evening enjoyed by all.

Miss Brandt was ill with throat trouble from Friday until Wednesday, when she resumed teaching again.

Mr. and Mrs. F. P. Smith and family, Mr. and Mrs. Harry Smith and family, Joel Lennon and family and several others have been ill recently with colds and throat trouble.

A party given in honor of the birthday of Charles Hartellus was held at the home of Mr. and Mrs. A. Smith on Thursday of this week and as far as real enjoyment was concerned was equal to any social affair held this season. Photograph selections and dancing were among the festivities that were kept up until a late hour—or early one rather. Three beautifully decorated birthday cakes formed the center of attraction at the bountiful refreshment table, a tribute to the extent in which Mr. Hartellus is held by his friends.

Several loads of logs were drawn to the mill Monday over the snow that came on Friday and Saturday. Rather poor sleighing but they got there.

In spite of unfavorable conditions for drawing, the mill of M. Green & Company has been well supplied with logs and prospects of more coming.

A surprise party was held at the home of Mr. and Mrs. Frank Green on Thursday evening of last week in honor of Mrs. Green's birthday.

## MANSION HOUSE FOR A GARAGE

George C. Smith, who formerly conducted the Empire Garage on lower Broadway, has leased the Mansion House through Broker Hyman Leventhal. Mr. Smith's present plans contemplate turning the old hotel into an up-to-date garage, using the entire lower floor. The upper floors will be used for offices or warehouse purposes.

The Mansion House in its time was one of the most noted hotels in Hudson river valley, but for some time has been vacant. It was last used for a wholesale liquor store. There have been many rumors in regard to the Mansion House. At one time it was to be turned into a theater, and another time it was to be used as a shirt waist factory.

### SOCIETY NOTES.

Little Miss Esther V. Robins, daughter of Mr. and Mrs. John Robins of Tremper avenue, delightfully entertained a number of her young friends recently in honor of her fourth birthday. Games were enjoyed during the afternoon and delicious refreshments served. The guests before departing declared Miss Robins a charming hostess and wished her many more happy birthdays.

### Paulucci-Fiore.

Augustino Paulucci of No. 211 North street and Miss Rosa Fiore of No. 173 North street were married on Sunday by the Rev. John J. Hickey of St. Mary's Church.

### Grube-Gallagher.

Charles W. Grube and Mrs. Catherine Gallagher of No. 57 Newkirk avenue, were united in marriage on Sunday by the Rev. John P. Neumann of St. Peter's Church. They were attended by Henry Grube and Margaret Grube.

### Monday Club.

The Monday Club members were the guests of Mrs. Van Slyke at her home, Rockhurst, on Monday afternoon. A most interesting and informing paper on "Japanese Industries," prepared by Mrs. Rodney B. Osterhout was read. This was followed by a reading, "A Social Departure," given by Mrs. Kenyon. Next week club will meet with Mrs. James Brink at her home on St. James street.

### Olympian Club.

On Monday evening, the Olympian Club met at the home of Mrs. Nickerson on Abryn street. The program for the evening was a bit out of the ordinary and was greatly enjoyed. Each member was either dressed, or wore some article of dress or adornment to represent the title of a book, and there was much merriment caused by the guessing of the titles many of which were cleverly represented. The evening closed with the usual French lesson.

### Russell-Southard.

On Sunday March 2, at 5:30 p. m., Raymond L. Russell of Brooklyn, New York, formerly of Kingston, and Miss Madonna Marie Southard of Brooklyn, formerly of Anderson, were married at St. Theresa's Church, Clanton avenue and Sterling Place, Brooklyn, New York. The bride was attended by Miss Rosalie C. Russell, sister of the groom, and the best man was Sylvester Southard, brother of the bride. After a wedding dinner in New York, Mr. and Mrs. Russell left for a trip through the southern states.

### Soikunishade Club.

The Soikunishade Club met this week with Mrs. Sidney Hines at her home on Liberty street. The business session was one of unusual importance and was followed by the paper for the day on "Midsummer Night's Dream," admirably and interestingly written by Mrs. Grover Lasher. After the paper, Miss Bessie Brewster read from the play, the club members greatly enjoying the charm and humor of this comedy of Shakespeare. Next Monday afternoon the club will meet with Miss Brewster at her home on St. James Court.

### Twentieth Century Club.

The members and friends of the Twentieth Century Club were given a great treat on Monday evening, "Guest Day" for the club, in that Dr. Putnam Cady of the First Presbyterian Church gave an illustrated lecture for the edification of the club and guests. The lecture, which was given in the lecture room of the church, drew a large audience, who not only greatly enjoyed the fine pictures presented by Dr. Cady, but gained much information from his able and entertaining address on "Australia." The hospitality of the club was heartily appreciated by the guests. The evening, next Monday afternoon the club will hold its regular meeting with Mrs. Harrison at her home on Clanton avenue.

### Benefit Entertainment.

The ladies of the St. James M. E. Church Missionary Society who have assumed the care of one of the little girls at the Watts-DeFoster Home at Titoli, will give an entertainment at the home of Mrs. N. Hochman, 149 Main street, tomorrow, Wednesday evening, for the purpose of raising funds for the furtherance of this project. Miss Boddington from the Home will be present at the entertainment, with the little girl in whom the ladies are interested. The following program will be given having been arranged by Mrs. A. H. Van Buren:—Community singing, vocal solo, selected. Mrs. George duet, Barcarolle from Tales of Hoffman, Miss Caroline Singer and Mrs. Charlotte Morris; reading, Mrs. Fannie pian solo, Miss Hochman; duet, Twentieth Street Song, Miss Singer and Mrs. Morris; vocal solo, selected, Mr. Scullin.

## PUBLIC CHARTER HEARING WEDNESDAY

Mayor Canfield has prepared some amendments to the charter which are drawn in the form of a bill, ready to be introduced in the legislature. He will submit the amendments to the charter revision committee of the common council and the members of the police, fire and charities boards on Wednesday evening at 7:30 o'clock at the city hall. Anyone who is interested in the matter is welcome to attend.

Some of the propositions passed upon favorably by the common council are included and others are not. Provision for the extension of the police and fire pension funds has been made to include the widows and children and dependent mothers of policemen and firemen killed while in the performance of their duties or who may die from injuries sustained while in the performance of duty. No provision is made for an increase in the number of aldermen or supervisors.

### LOCAL DEATH RECORD.

#### Recent Deaths and Funerals of Persons in This Vicinity.

Charles Lusk died early Monday morning at his home in Saugerties, aged 76 years. He is survived by one daughter, Millie. For many years Mr. Lusk was one of Saugerties' best known business men, conducting a cigar and tobacco store in the Ziegler building on Parition street. He was a member of Ulster Lodge, No. 133, F. & A. M. and one of the oldest members of the lodge. Funeral services will be held on Thursday afternoon at 2:30 o'clock from his late residence, Washington avenue, in Saugerties.

Town Clerk Richard Elting died at his home on Canal and Bloomer streets, Ellenville Sunday night at 12:30 o'clock of complications following an operation for appendicitis on Friday, at the age of 30 years and 7 months. Mr. Elting was well and favorably known, was born in Ellenville July 11, 1888, a son of the late Richard Elting and Elsie Launt his wife. He was educated in the local schools, graduate of the high school and then decided to qualify for a pharmacist, and became a student at Columbia University from which he graduated with honors, and as there was a splendid opening for a drug store at White Lake, Sullivan county, he accepted the opening and conducted a drug store there for two years, and accepting a partnership in the Ellenville Mutual drug house he disposed of his business at White Lake and returned to Ellenville and engaged in business with Dr. B. F. Neal in the Mutual Drug Company, being treasurer at the time of his death. Mr. Elting was united in marriage with Miss Ivy Grace, eldest daughter of Mr. and Mrs. Thomas Gray of Ellenville on October 1, 1910, and to this union was born one child, a son, Richard Elting, Jr., less than five years, survives with the young mother. Mr. Elting was a young man universally loved by his relatives and a large circle of friends. He was a young man of fine Christian character, a member of St. John's Episcopal Church, a member of Wawarsing Lodge, No. 582, F. & A. M., and of Scoresby House, H. & L. Co. He was a prominent Republican, taking active part in all movements for the welfare of the community. He was elected by a large majority to the office of town clerk in November, 1917, and has filled the office most acceptably. He was a young man devoted to his home and family and devoted to his loved mother, who with the wife and young son survive the death of this noble husband, father and son. He was a noble brother, the youngest in the family, and is survived by one young sister, Miss Grace Elting, and the following half brothers and sisters: Ruth Elting of New York, but was here and with the young brother, through his last illness, W. C. Derby Elting, residing in Ellenville, and Mrs. George Terwilliger of Chicago, Mrs. A. G. Boland of New York and Mrs. Justin C. Schoonmaker of Ellenville. Sincere sympathy is extended to the bereaved ones from the community generally, who feel keenly the loss of this young man. His loss is keenly felt by his attending physician, Dr. R. F. Neal, who was assisted in the operation by Dr. O'Leary of Kingston, and who did all in the power of a medical profession for his young friend to whom he was deeply attached. The funeral will be held from his late home Wednesday afternoon, March 4, at 2 o'clock and will be private. The service will be conducted by his pastor, Rev. Dr. H. P. Hobson of St. John's Church, and burial made in Fairview Cemetery with Masonic honors.

There will be two services at the Church of the Holy Spirit, Wednesday. Morning service and Holy Communion at 10 o'clock, evening service at 7:30.

This evening the ladies of the Ponckhoekie Church will serve a variety supper in the church parlors from 5 to 8 o'clock. The usual good meal may be expected by those who attend.

The regular monthly meeting of the Ladies' Aid Society of the First Dutch Church will be held at the home of Mrs. J. C. Snyder, 315 Washington avenue, Wednesday afternoon at 3 o'clock.

The Ladies' Aid Society of the Fair Street Reformed Church will hold their regular monthly meeting in the Sunday school room of the church Wednesday afternoon at 3 o'clock.

Members of the executive committee of the Christian Endeavor Society of the First Reformed Church will meet with Miss Frances Osterhout, this evening at 7:30 o'clock.

Policeman William Hess is searching for his Boston bull pup which has strayed away from his home, No. 93 Downs street. The pup is a female brindle with white neck and white feet and answers to the name of Peggy. Peggy is 3 months old.

The Ladies' Aid Society of the First Presbyterian Church will hold a business meeting and thimble social Wednesday afternoon at the home of Mrs. William Longear, 83 Elmendorf street. The business meeting will begin at 2:30 o'clock. A large attendance is desired. The thimble social will begin at 3 o'clock, immediately after the business meeting. If anyone has small pieces of material suitable for patch work they are asked to bring them along. All the ladies of the church are cordially invited to attend.

Invention of Monocle. One interesting thing about the monocle is that the fashion of wearing it was introduced at the congress of Vienna, that congress which surrounded the map of Europe. Sir Horace Rumbold, in writing on the subject of the origin of odd fashions and customs, says that a Dutch aristocrat, John Peter Brink, was the first man to wear a monocle, and that he then showed the thing new to the diplomats and others assembled at the congress. After that the introduction of the monocle spread to all parts of Europe, but it took its longest hold on the English well-to-do classes.

## STILL TRAILING PURE MOLASSES

A regular meeting of the Home Economics executive committee took place at the Home Economics office, No. 44 John street, Monday afternoon. Among the main subjects of the meeting was that of pure foods and especially pure molasses and since the food administration gave no satisfaction to a letter sent them on his subject, the matter is now being taken up with the Department of Agriculture at Washington, and through several food specialists. The committee is hoping that very soon they may state to the women of the county where pure molasses may be obtained. The matter of the egg substitutes on the market was also discussed and action taken that it should be made known to the women that these substitutes do not have the value as a food that eggs have and should not be substitutes for eggs unwisely. In connection with the pure food drive, Mrs. Cole of Saugerties, who is at the head of this, reported that she now has 799 names of women in the county who are willing to stand to get in order to obtain pure foods for their own families and for their communities as well. The goal is 2,000 women of Ulster county and the various committees in the county are working to obtain this number.

Among other points which came up for discussion were the establishment of a county center in Kingston, the various courses of study on "Home Nursing," "Clothing," "Nutrition" and "Civics" which are being carried on in the county at present.

Mrs. William Warren, president of the Home Economics Association presided at the meeting and the following members were also present: Mrs. Thomas Cole of Saugerties, Mrs. Edward Young of Milton, Mrs. Charles H. Hall of Kingston and Miss Marie Newkirk of Hurley.

ODDS AND ENDS.

Tickets for the Red Cross benefit may be exchanged at the Keeney Theater box office until 9 o'clock at night.

If the man who exchanged overcoats at the armory check room at the dance Monday evening will return the coat he will receive his own in exchange.

#### Crossing the Rubicon.

Rubicon was the name of a small river which formed part of the boundary line of ancient Italy. On one occasion Julius Caesar participated in a war by leading his forces across the river. From this event comes the phrase of passing or crossing the Rubicon, and it is now a figure of speech to designate any important step that is beyond recall. John Adams, an American patriot of the Revolutionary period, declared in a letter, written about the beginning of the war: "The die is now cast. I have passed the Rubicon. Sink or swim, live or die, survive or perish with my country, is my unalterable determination." The letter was written just after the battle of Bunker Hill.

#### Praise and Blame.

People of good sense allow liberal discounts on all they hear. Both praise and blame should be put under the same cutting process. More people are rendered useless to society by praise than by blame. It is no easy thing to turn the head of those who have little in them to hold them steady. People of mankind are fully aroused by injustice. It is as much a challenge to their ability as it is an insult to their intelligence. They won't suffer much by being falsely reported. Truth is not any more pleasant to them than it is to thousands of others, but it is much more pleasant to them when on their native and they lift the report for the facts. Then they are ready for business.

#### The Turcoman.

The Turcoman in dress is, to say the least, gaudy, and his rough shaggy shako of sheep's wool gives him a formidable aspect. He wears white cotton trousers; his feet are thrust into boots with toes upturned in the Chinese fashion, his shirt of any color is worn under a tunic of bright cotton reaching to his knees, while over this is a long garment like an old-fashioned quilted dressing-gown of brilliant blue. Except in one particular, dress is not allowed, women in all but animal and when all has been said and done, the Russian and his railroads through Turkestan and the Chinese have been great and potent powers.

#### The Movie Tattle.

Harold was told to run over and see what the prices were for a special picture showing at the movies that evening. When he came back he said: "It's 11 cents for children and 17 cents for the overgrown."

#### Gigantic Amazon.

The Amazon drains an area of 2,500,000 square miles—ten times the area of France—and in connection with the river and its tributaries there are said to be 50,000 miles of navigable water.

#### Spasmodic Sermon.

Mary a nun finds himself in water before he gets to the end.

## LAWRENCE-KOLTS BENEFIT SUCCESS

Greatest Crowd at Armory Dance and  
Widows of Two City Employees Will  
be Handed About \$3,200 Each.

The greatest demonstration of public appreciation for the sacrifices of two city officials who gave their lives in the performance of their duties was openly expressed last night when the largest crowd that ever gathered at the local Armory for any affair danced at the Kolts-Lawrence benefit dance. Everything was in proper fitting to furnish one evening of delightfulness for every one present and every detail was plainly characterized by the committee in charge.

Executive Manager Fowler turned over to the treasurer last night \$6,317.75, of which about \$6,520 will be totalled as receipts, the total expense to be covered amounting to only \$114. A few of the patrons and subscribers have failed to turn in their subscriptions, but it is expected that they will do so by tonight.

Everett Fowler, executive manager of the successful testimonial dance of last evening said this morning that it was a most gratifying result and that the people of the city of Kingston had clearly demonstrated their high regard and appreciation for the work of both the police and fire departments of the city to the two men who unfortunately lost their lives while on duty. The executive manager also said that the credit of the success of the affair, both socially and financially is very largely due to the hearty co-operation of both the police and fire departments and of which every individual member was uniting in their efforts in securing patrons and selling tickets, and that members of the committees in charge of the affair had also worked most heartily and without their support the testimonial would have been a failure.

Too much cannot be said in praise for the Woman's Motor Corps. This body of volunteers has always responded promptly to every thing and has met every emergency cheerfully and willingly giving its time, services and money as is its custom to every worthy charity.

Particularly gratifying to the manager was the low amount of expense. The entire expense covering every thing will amount to \$114 of the large amount raised for the dance. This morning it looked as if there will be a net of between \$6,500 and \$6,525. There are still fourteen patrons who have not paid and four subscriptions are still to be paid but they will probably be in by tonight.

As soon as the treasurer receives the fund the committee which had it in charge will be called together and the money will be turned over to Mayor Canfield who is chairman, to divide the amount equally between Mrs. James Lawrence and Mrs. Louis Kolts.

The final financial report for the public follows in detail:

Subscriptions previously acknowledged	\$2,768.25
John Wolfinger	25.00
Total subscriptions	\$2,788.25
528 patrons	2,840.00
2219 tickets	1,109.50
Final Total	\$6,537.75

Patrons secured last night are: Abram Safran, Mr. and Mrs. H. Koefler, Andrew Barnes, J. Richards and T. A. Leary.

**February Gifts to Hospital.**

During the month of February just past, the Tuberculosis Hospital received the following gifts, which it acknowledges with gratitude from Mrs. Louis Shaw, pickles and jelly, Kingston Scrap Iron Company, iron for cesspool, Kingston Ship Building Company, lot of wood, delivered by shop, magazines, apples, Mrs. Eckert of Prince street, large bag of flour, Mrs. Van Leuven. The hospital superintendent nurse would be glad of further contributions of old linen, muslin or cheese cloth.

## Forests of the Caucasus.

The forests of the Caucasus in Russia are estimated at 12,000,000 acres, chiefly in the Black sea territory, which is at the rate of nearly twenty acres to each inhabitant. The forests of western Siberia have been scarcely explored, but they are stated to be 200,000,000 acres in extent, more than half being in an absolute state of nature.—Rocky Mountain Herald.

## Warning Had Effect.

Heleen is sensitive when teased about her hair. After patiently listening to her playmates' taunts for several minutes, she became angry and stamped her small foot, and loudly informed them: "I know I've got red hair and I've got a bad temper to match with it too. You better remember that." Heleen isn't teased any more.

## KINGSTON AND TUBERCULOSIS

Clinic and Nurses Afford Opportunity to Take the Stitch in Time—Outgrowing Old Idea of Shame and Concealment.

Kingston has long recognized the fact that tuberculosis is an insidious enemy, coming upon us like a thief in the night, that it kills more people annually than any other disease.

The recent examinations for military service have disclosed alarming figures. The state of New York alone is authoritatively credited with 39,000 cases of tuberculosis.

Heretofore one of the chief difficulties in tuberculosis work has been to find out who and where the cases were. People seemed ashamed of the disease and wished to conceal it. That old fashioned idea it is hoped will soon be entirely a thing of the past. Tuberculosis is infectious and we are all of us prone to it if exposed.

What we do know and we want every man, woman and child to thoroughly understand, is that tuberculosis is preventable; that knowing where it is and how it is carried we can protect ourselves and others, and that recognized early enough it can be cured. To this end it is necessary first of all to have the disease diagnosed. A correct diagnosis is half the cure. We cannot get well of heart trouble if we think we have kidney trouble, and are being treated for the latter.

The wise man of today goes to a physician in order to keep well, not to get well after the damage is done. Kingston offers its people and the people of Ulster county the opportunity of early diagnosis by visiting attendance at the tuberculosis clinic of all who are not up to the mark, who

are underweight, anemic, who have frequent colds, coughs, or who have had influenza recently.

The clinic is held every Tuesday and Friday p.m. the time 2-4.

The local nurse is also at the dispensary each morning from 9-11 o'clock. This gives the people time to consult her, and she will gladly give any information desired. An examination is assured. If no trouble is found you return home satisfied that you are O. K. If there is a little weak spot, be thankful that it was discovered before it became more serious, and while there was still an opportunity to get well. Remember that a stitch in time saves nine.

It is hoped that the public and all interested citizens will co-operate with the nurse to continue the successful work.

## TESTIMONY TAKEN IN KRSTOVIC CASE

Another Action in Supreme Court to Recover For Conversion of Stock Collateral in Connection With Kline Failure.

At the call of the civil calendar in Supreme Court, Monday afternoon 55 cases were put over the term by request of lawyers, and 23 marked reserved. A number were marked off, and the others set down for later in the week or the second week, while some were stated to be inquests. Two cases were placed on the day calendar, Nos. 36 and 73.

A jury was then taken in No. 36, being Tripo Krstovic against C. M. Van Buren, and others. James Jenkins is attorney for plaintiff, Augustus Shufeldt as counsel; Judge Clearwater and John W. Eckert for defendants. This is one action to recover for conversion. Defendants were stock brokers in New York with a branch office in this city, and plaintiff was a dealer with the house. This is one of the several actions brought against defendants, three having been tried, and in one a judgment has been paid. Two others tried at the December term are before Justice Nichols to whom papers were to be submitted.

After the jury was secured Monday afternoon at 3:30 o'clock and pronounced satisfactory by counsel on both sides court took a recess until 10 o'clock Tuesday morning.

No. 73, the other case on the day calendar, is an action for trespass against The Kingston Gas and Electric Light Company. James Jenkins for plaintiff; Judge Clearwater for defendant. Two jurors were late and Supreme Court was about ten minutes late getting started this morning. James Jenkins opened the case for plaintiff in No. 36, in which a jury had been obtained Monday afternoon. He explained stock market transactions to the jury, marginal dealings, how plaintiff had deposited certificates of stock as collateral, which were later sold on a falling market without notice to plaintiff or giving him an opportunity to pay difference in cash. Told how the office in the Warren building had been in charge of J. D. Kline, as local agent for C. H. Van Buren & Co., correspondents. Now in June, 1917, the doors of the office were found closed and all was chaos, and that no attention was paid to office and no opportunity given to plaintiff to make up margins, nor any demands made. They wanted damages in \$43,956 with interest from June 14, 1917.

Mr. Sykes of Sullivan & Cromwell, opened the case for defendants. He contended the only question was was Kline doing business for himself or Van Buren & Co. He disputed that Kline was a branch office; that Kline assumed all responsibility; all moneys being paid to him by the

dealers and that Van Buren & Co. were only his agents. The plaintiff was the first called and testified as to his various transactions in stocks and on margins, of depositing certain securities and stocks with Kline as collateral which he enumerated, being 100 shares American Express, 100 Federal Mining, pfd., 123 St. Louis & San Francisco stock, 37-100 bonds St. Louis and San Francisco, 500 Federal Mining 4's, 72 Maxwell 1st, 67 Maxwell 2ds, 30 American Cotton Oil. He told of being in the office of C. H. Van Buren & Co., in New York, several times and meeting Mr. Van Buren and talking over business about stocks. Had never received any notice from Kline as to sale of collateral nor had any demand been made for additional margins.

He was cross-examined by Mr. Sykes for defense, and testified he never got any notices from Mr. Van Buren at any time but from Mr. Kline previous to June, 1917, nor that he had ever made out any checks to C. H. Van Buren & Co.

John D. Kline of Port Ewen was the next called and testified as to his management of the office in the Warren building, describing the office, the method of doing business, wire connection with the office of C. H. Van Buren & Co. in New York, and advertising, etc.

At 12 o'clock, noon, Judge Clearwater, of counsel for defendant, was called to surrogate's court in an accounting matter and a recess taken until 2 p. m.

A call of the civil calendar was then made by Judge Ruld, who placed No. 110 on the calendar and No. 73 taken off by consent of both sides.

**Bartering Under Difficulties.**  
No European has ever been able to meet in their own dwelling places the Kukuhuhus, a shy yet ferocious tribe of New Guinea. Other tribes of the country, while they have a great fear of the Kukuhuhus, manage to do a bartering trade with them. They bring salt, earthenware, dried fish, etc., and deposit them in a certain indicated place. They then retire for a few hours, being notified to do so by a curious cry from the distance. The mountain dwellers then descend to view the goods offered for exchange. If they want them they put down other goods, such as skins, feathers, and other jungle produce, next to those articles wanted by them. Then they retire in turn; and when the way seems clear the coast dwellers approach again. If the latter are satisfied with what is offered in exchange they take the goods put down by the mountain people and go away; if not satisfied they retire with empty hands.

## HIT BY AUTO.

Young Christiana Ran In Front Of Auto Truck Monday.

John Christiana, a boy about 10 years old, was cut about the face and bruised late Monday afternoon when he ran in front of the Ford truck of E. Winters, driven by Walter Buley. The truck was on the way up Broadway when the boy darted out from the sidewalk in front of the auto. Mr. Buley immediately stopped and offered to convey the boy to a physician. The boy's injuries were not serious. He resides on Hasbrouck avenue. The accident occurred near Union street.

## Retaining Youthfulness.

A man who believes that environment saves thousands of lives said to me recently, "Oh, yes, every man is influenced by his environment. I always associate with men who are young, full of enthusiasm, determined to succeed, and who feel that there is no difficulty that is too great for them to surmount. It keeps me youthful. It prolongs my life. Whenever I am in their presence I feel a tremendous amount of enthusiasm, a wonderful zest for living."—Fern Boward.

## Canning.

The French were the first people to preserve fruits and vegetables. This was away back in 1810. The French government offered a prize for the best method of storing foods during the winter months, and among the solutions was the canning process. America invented the fruit jar and brought the canning industry to be one of the largest and most important in the world, running into billions of dollars annually.

Dealers Will Have More to Say Regarding Distribution of Cars—Perfect Mechanism Means More General Use of Cars.

JOHN R. MILLARD.

John R. Millard, vice president of The Jas. Millard & Son Co., of Broadway, this city, dealers in Ford motor cars, says, "The general outlook for automobile business this spring and summer should be good. No business has recovered so quickly from the effects of the war as has the au-

IT TAKES GOOD SOLES  
TO DO THIS

"George Wentworth, a letter carrier here, has worn a pair of shoes with Neolin Soles four months and two days. His route is twenty miles a day. This test made at our request, proves the wearing quality of Neolin Soles to our satisfaction." From Lothrop-Farnham Co., Dover, N. H.

Only Neolin Soles will stand up under a test like this. People who are hard on shoes will save money if they buy them with Neolin Soles. These shoes come in many styles for men, women and children.

Have Neolin Soles put on your worn shoes too. Any good repair shop will apply them. Remember—they are made by Science to be comfortable and waterproof, also. Manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who make Wingfoot Heels—guaranteed to outwear all other heels.

tomobile industry. This fact was proved by the business done at the New York show held at Madison Square Garden and Armory by the retail dealers' association of New York. The report of sales from this show are far ahead of any report that the manufacturers' association has had in previous years.

"I do not believe," says Mr. Millard, "that the manufacturers' association will ever hold another show in New York city as the dealers' show was so successful, both financially and by the number of orders and sales of both pleasure cars and motor trucks received by the dealers. This goes to show that the dealer in automobiles in the future will have more to say in regard to the sale and distribution of cars than he has had in the past."

"Great changes have taken place in our government, also in our social and political life, and we must expect that business methods must change to meet these conditions. The great part that the automobile has had in helping to win the war proves that it is now mechanically perfect and will be used from now on for both pleasure and commercial purposes much more than before the war."

## OUR DAILY PATTERN.

## HURLEY.

Hurley, March 3.—The "Victory Meeting" planned by the local Grange will be held in the main body of the village church on Thursday evening, March 6, instead of the date previously planned. The meeting bids well to be a red-letter affair in Hurley undertakings. The musical program has been placed under the supervision of Mrs. T. D. Hotelling; a number of friends have volunteered their services for the occasion and the success of the program is assured. These friends are Mrs. Charles Chipp of Grand Gorge, Miss Laura Newkirk and William Newkirk of Kingston, Mrs. Hotelling, Miss Lawson and Messrs. T. D. Hotelling, A. B. Myer, M. W. Myer and S. F. Ten Eyck of this village. The musical program will comprise a chorus, "Old Glory," a chorus, "Our Own Dear Land," a chorus, Dr. Van Dyke's home-coming song, "Home Again," with "Saviour Breathe An Evening Blessing," by a double quartet. The speakers of the evening will be John Rowland, a returned soldier from France, and William Trueman, of Katrine, who will speak on the farmer in the war. Both speakers will prove most interesting in their talks and the audience will enjoy their reminiscences. A third speaker from Kingston is expected but is not as yet absolutely sure. The exercises will conclude with "America" by all present. The above mentioned notes indicate a most successful meeting. Everybody welcome. Remember Thursday, March 6, at 8 o'clock.

H. Grant Smith, who has been at home for a week or so, returned to Baltimore on Sunday. Mrs. Smith remains in Hurley for a time.

Miss Ellen Stauble went to New York city on Friday to attend the Nurses' Training School in Bellevue Hospital.

Mr. Hartshorn, who has been in charge of the Myer farm on the Marbltown road, was taken to the hospital in Kingston on Wednesday.

The "Willing Workers" have certainly good reason to be proud of the success attained with their play, "Mrs. Tubbs of Shantytown." In addition to a most successful presentation in our village church, the young people were met two large and enthusiastic audiences in Kingston and also a very flattering gathering in the Grange Hall in Stone Ridge. A very handsome sum of money has been

# WANTED: A GENTLE COW AT CITY HOME

Must Be a Good Milker With Kind  
and Affectionate Disposition—Any  
Answering Description Should Get  
in Touch With Commissioner  
Fischer.

The City Home at the present time  
has but one cow, and that animal is  
growing old, and does not give as  
much milk as is needed at the insti-  
tution. There were other cows to  
keep this one company once upon a  
time, but they also grew old, and ac-  
cording to the order of the Charity Com-  
missioners they had been killed, and  
the only reminder of them was a few  
steaks, which would shortly disap-  
pear beneath the belts of the in-  
mates at the institution.

This condition of affairs was dis-  
closed at the regular monthly meet-  
ing of the board held Monday even-  
ing. Superintendent Edmonston said  
that he believed that the board  
should secure a gentle cow, that was  
a good milker. After some discus-  
sion it was decided that it was up to  
the house committee to secure a  
kind and affectionate cow that is  
guaranteed to give large quantities of  
the lactated fluid.

Commissioners Carl G. Fischer  
and Conrad R. Davis, were the only  
two members of the house commit-  
tee present, and any one desiring to  
part with a docile cow should get in  
touch with them, or call up Superin-  
tendent Edmonston at the City Home.

The board transacted considerable  
routine business. Commissioner Davis  
presided with Commissioners Fischer,  
Stock and Coutant present.

Dr. Hasbrouck reported making 38  
sick calls during February, while Dr.  
Frederick Huhne reported making  
48 calls.

There was not enough money left  
to pay the bills audited at the meet-  
ing, but Superintendent Edmonston  
stated that City Treasurer Pardee  
would shortly place a sum of money  
to the credit of the board at which  
time the bills would be paid.

The board adopted the following  
reports before adjourning:

Secretary's Report.

Superintendent Edmonston sub-  
mitted the following financial report:  
Balance in bank Jan. 7, 1919, \$3 75  
Deposited with city treas-  
urer Jan. 31, 143 00  
Deposited by city treasurer  
in bank, 10,000 00  
Total, \$10,151 75

Deposited March 1, with  
city treasurer, 156 52  
Total, \$10,308 27  
Bills paid Feb. 7, 9,370 06  
Balance, \$928 21  
Bills to be audited this date total  
\$2,510.89.

There are 47 inmates in City Home,  
of which number 27 are male and 20  
female.

The Kingston City Hospital report  
showed 8 cases with 156 days' treat-  
ment.

Outdoor Relief.

Groceries given out from City Home  
during February by wards as follows:  
First ward, \$5 41  
Second ward, 10 84  
Third ward, 25 81  
Fourth ward, 15 84  
Fifth ward, 18 72  
Sixth ward, 8 57  
Seventh ward, 10 46  
Total, \$93 36

Given Out for Work.

Groceries given out for work  
amounted to \$14.31, of which \$9.71  
was in Third ward and \$4.60 in  
Fourth ward.

Meals given out from City Home  
totalled \$8, of which \$7 was in Third  
ward and \$1 in Fourth ward.

Coal Given Out.

Coal given out by wards follows:  
Third ward, \$25 75  
Fourth ward, 10 20  
Seventh ward, 5 10  
Tenth ward, 20 48  
Total, \$61 53

There was \$8.25 worth of shoes giv-  
en out in Seventh ward.

Not That Way.

Patience—Is your brother writing  
stories now?  
Patience—Oh, yes.

LIGHT!

HEAT!

COOK!

Here is a chance for a real bar-  
gain! You can have a 75 light Tir-  
rill Gas Machine plant, including gas  
stove and illuminating fixtures, at a  
sacrifice price! It is in your own  
neighborhood, in the country, res-  
idence of a New York city business-  
man, who, because of war conditions,  
cannot occupy his out of town house  
and wishes to make a quick disposi-  
tion of this plant. It is in perfect  
condition! It can be purchased for  
cash, at a discount on asking price,  
or on notes backed by proper secu-  
rity. Terms will be made easy to the  
"right party!" This plant, using gas  
line vapor is simple to operate and  
ABSOLUTELY SAFE! It will fur-  
nish the heat for cooking and will  
brilliantly illuminate a ten to twelve  
room house. This same machine will  
also furnish gas for running a large  
laboratory for testing and research  
work. We can only name a sacri-  
fice price because we have in trans-  
portation. The demand for these  
small plants has been so great that  
we have been unable to keep up with  
our orders. Act quickly! An oppor-  
tunity like this is seldom offered.  
There is a fine chance for a dealer in  
this plant can be shown in operation.  
We have an exceptional opportunity  
for resident agents.

# W. C. T. U. ENTERS NEW CAMPAIGN

Five Year Jubilee Program To Start  
With Drive For Million Dollars  
And Million Members In March.

That has been the question in some  
quarters since prohibition has been  
written into the federal laws, in re-  
gard to the Woman's Christian Tem-  
perance Union, to which organization  
most glowing tributes have been paid  
at jubilee ratification meetings for  
their part in the temperance victory.

At their last annual meeting big  
plans were made for a five year jubilee  
program, which they will begin  
by putting on in March a drive for  
one million dollars and one million  
members, according to plans given  
out from the National W. C. T. U.  
headquarters in Evanston, Illinois.

The Woman's Christian Tem-  
perance Union followed the Crusaders of  
Hillsboro, Ohio, who literally knelt in  
the mud to pray that the curse of the  
saloon should be lifted from the  
homes of the nation. The National  
W. C. T. U. has now grown to a body  
of one-half million members, organ-  
ized in every state, territory and ter-  
ritorial possession and in more than  
forty countries of the world. Their  
motto was "For God and Home and  
Native Land," later enlarged to "For  
God and Home and Every Land." In  
their jubilee program plans are being  
made which will cover the world.

Miss Anna A. Gordon, national  
president of the W. C. T. U. is chair-  
man of the jubilee committee and  
Mrs. Ella A. Boole of New York, vice  
chairman. Ten women form this  
committee and ten will be the magic  
number used in the drive. Mrs.  
Elizabeth A. Perkins of Michigan is  
the executive secretary and director  
of publicity for the National W. C. T. U.  
T. E. and Mrs. Maude B. Perkins of  
155 Fifth avenue, New York city, the  
key-woman for the jubilee committee  
of New York State W. C. T. U.

Funds received during the jubilee  
drive will be apportioned as follows:  
—Child Welfare \$150,000; health  
and morality \$100,000; Americaniza-  
tion, \$200,000; women in industry,  
\$30,000; education and information,  
\$50,000; equipment and repairs,  
\$20,000; headquarters, Evanston  
and Washington, \$50,000; world  
prohibition, \$300,000; field service,  
\$20,000; administration, \$70,000.

Big plans have been made to as-  
sist in world prohibition as already  
help has been asked by China, Japan,  
India, South America and Cuba  
against the threatened invasion of  
liquor interests driven from the  
United States. Nationwide cam-  
paigns are now being carried on in  
Australia, New Zealand and Scot-  
land; and they are asking us to aid  
them in their efforts. Since 1891,  
thirty-five W. C. T. U. missionaries  
have been commissioned by the  
world's organization, when Mrs.  
Mary Clement Leavitt of Boston  
completed her seven year pilgrimage  
as the pioneer representative of the  
W. C. T. U.

The W. C. T. U. will have a distinct  
contribution to the work of Ameri-  
canization and through this jubilee  
fund will put into fifty foreign speak-  
ing centers paid workers who with  
volunteer helpers will work among  
the homes of the foreign-born, com-  
bining the teaching of English to the  
mother and the care of the child,  
with the education against the use  
of the home-made liquors, thus bring-  
ing a contentedness with American  
prohibition.

No other organization is termed  
"organized mother love" and child  
welfare work will involve co-opera-  
tion with the plans given out by the  
government with added moral educa-  
tion and protection for children.

Scientific temperance instruction  
was introduced in the public schools  
by the efforts of the W. C. T. U. and  
will be continued to insure the re-  
taining of the prohibition law.

The division of woman's work,  
United States Department of Labor,  
has accepted the co-operation of the  
W. C. T. U. and in twenty states  
there is also co-operation with wo-  
men welfare workers in factories, in-  
dustrial plants and department  
stores. This work includes protec-  
tion from intoxicating liquors and vice  
for young women who are soldiers in  
industry such as is provided for sol-  
diers in camp.

Every state, including Alaska, has  
been given its quota of the  
one million dollars to be raised in  
the drive, beginning March 20 and  
continuing until May 31. The coun-  
try has been divided into ten groups  
of states. There are ten items in the  
budget. Ten national field represen-  
tatives to be sent out. Ten state  
workers or multiple in all states.  
The quota for New York state is  
\$125,000.

Ulster county will do its part. Mrs.  
Edward Young of Milton, has been  
appointed key-woman for the county.  
Mrs. D. R. Hendricks, 149 Elmendorf  
street, Kingston, treasurer of Ulster  
County W. C. T. U., will forward all  
contributions received for the jubilee  
fund.

Albany Ave. Baptist Church Notes.

On Wednesday evening the Men's  
Bible Class will meet at the home of  
the president, J. Grove Brown, 25  
Van Buren street, and the pastor, Rev.  
A. S. Cole, will speak on "The League  
of Nations."

On Thursday evening the mission-  
ary prayer meeting will take the form  
of a sacred concert, when by members  
of the choir and several others. There  
will be fifteen numbers on the pro-  
gram, including the last part of the  
cantata, "The Dawn of the Kingdom."  
A silver offering will be taken for  
home and foreign missions.

On Friday afternoon the annual  
meeting of the Woman's Missionary  
Society will be held at the parsonage,  
102 Clinton avenue, at 2 o'clock. The  
business will include annual reports,  
election of officers and the opening of  
state boxes. The program will be as  
follows: Devotions, Mrs. George R.  
Stiles, Jr.; lesson, Women Workers of  
the Church, Chapters 1 and 2, given  
by Mrs. D. R. Hendricks and Mrs. D.  
N. Matthews.

# NAVIGATION ON RIVER TO START

With the Hudson river wide open  
from Troy to New York rivermen are  
planning to resume navigation. The  
Hudson Navigation Company an-  
nounced Monday that the Albany-New  
York line would resume trips about  
April 1.

The Rensselaer, which has been tied  
up at the dock in Troy this winter, is  
undergoing repairs and being put in  
condition for spring use. It is under-  
stood Troy will be the terminal for  
the Hudson Navigation Company  
boats this year. N. A. Campbell will  
be in charge of the company's office at  
Troy.

While the Hudson river between  
Troy and Kingston has been closed to  
navigation part of the winter, the  
river from Kingston to New York has  
been open.

Kingston.

DRESS WELL AND SAVE MONEY BY SHOPPING AT EIGHMEY'S

A McCall  
Pattern and a little  
work make your  
dress allowance go  
twice as far. Why  
not try it?

McCall  
Patterns are a boon  
to women who are  
confronted with  
dressmaking prob-  
lems.

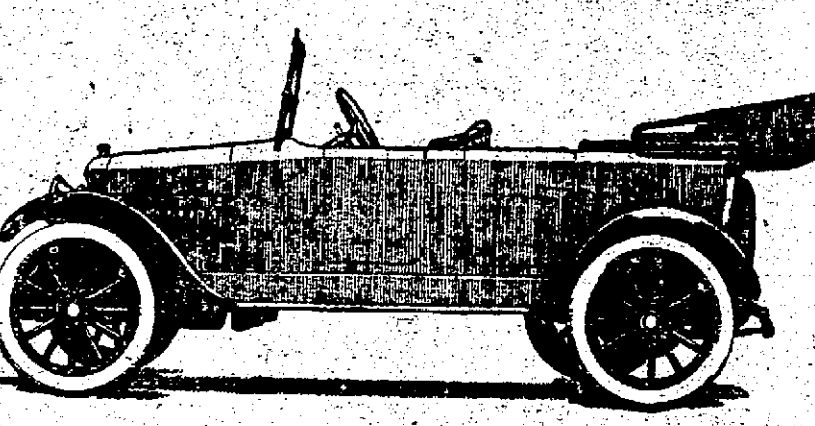

## Home Dressmaking Inspired by McCall Patterns

You secure the leading styles—styles a step in ad-  
vance of the day; you are sure of the honesty of the  
workmanship; you have a broad variety of fabrics to se-  
lect from, and you employ your time interestingly and  
profitably.

Take Mc Call Pattern No. 8798, for example:  
Plain or tucked blouse; three-piece skirt, plain  
or trimmed with bias folds or braid, high  
waistline, like illustration.

Your pleasure in wearing such a dress will be greatly in-  
creased by the knowledge that your friends will "guess"  
it cost twice as much as it really did.

KINGSTON S. E. EIGHMEY 26 BROADWAY

## Maxwell

—a car of rare charm  
and—able

YOUR first impression of this present day Maxwell as it  
passes you on the street is one of decided beauty.  
Your first ride in it, whether at the wheel or in the  
tonneau, tells you of its rare charm.

But after six months you find a new admiration for the  
Maxwell. You find it shuns the repair shop, that it runs and  
runs and never stops running.

Then after a year is past you develop an enthusiasm for it  
that dictionary words don't seem to fully describe.

And then after you have had it for more than the average  
life of a motor car and you find it far better than even the  
Maxwell salesman said it was you search for the reason.

This is what you find:

For 5 years Maxwell cars have been built on the single  
chassis plan. To date 300,000 have been turned out on this  
plan. Each car better than the other. Each one better look-  
ing than the other.

There have been more than 1000 refinements in the  
Maxwell, but never once have the Maxwell executives swerved  
from the original program.

You conclude that reliability was designed "into" the car  
and built "into" it, and that a policy of 300,000-all-alike is the  
soundest kind of reason for writing your check for a present  
day Maxwell.
